

Visa Debit Card

- **Works like a check**—only better. Now instead of carrying your checkbook when running errands, use your VISA Debit card. It allows you access to funds from your checking account whenever you see the VISA symbol— at more than 10 million merchants around the world.

- **Visa Debit is accepted when checks aren't.** Often times writing a check away from home is difficult and some merchants don't accept checks at all.

- **Using your Debit card is faster and easier than writing a check.**

No more waiting for check approval or having to show ID. Just present your card, sign the receipt and go.

- **Your Debit card also acts as an ATM card.** CHFCU is part of the CO-OP Network, with over 30,000 Surcharge free ATMs nationwide. In addition, members can get cash at ATMs when CO-OP, Visa or PLUS network symbols are displayed.

- **You will receive a monthly statement** detailing check, ATM and Visa Debit transactions.
